

## EVENT AGENDA

TIME	SESSION	DESCRIPTION
8:00 – 8:15 AM	<b>Welcome &amp; Networking</b>	Start the day with light networking and a warm welcome from the Maptek team.
8:15 – 8:45 AM	<b>Presenter: Joshua Maurer</b>	Joshua Maurer, Geologist at Carmeuse North America, shares insights from over 13 years of experience across mining and industrial minerals operations worldwide.
8:45 – 9:15 AM	<b>Presenter: Dr. Jen Ellis</b>	Dr. Jen Ellis, Principal Adviser for Mineral Asset Stewardship at Rio Tinto, discusses the intersection of technical excellence and operational delivery in modern mining geoscience.
9:15 – 9:30 AM	<b>Coffee &amp; Networking</b>	A short break to connect with fellow attendees and recharge before the panel discussion.
9:30 – 10:15 AM	<b>Geology Panel Discussion</b>	An interactive panel discussion on the challenges shaping the geoscience industry today and the innovations preparing us for what comes next.
10:15 – 11:45 AM	<b>Morning Training</b>	Hands-on geologic modeling training guided by Maptek technical experts. Bring your laptop and work through real workflows you can apply right away.
11:45 AM – 12:00 PM	<b>Morning Reflection &amp; Discussion</b>	An open conversation to wrap up the morning sessions, share takeaways, and ask questions.
12:00 – 1:00 PM	<b>On-Site Lunch</b>	Enjoy lunch on-site with fellow attendees, speakers, and the Maptek team.
1:00 – 4:00 PM	<b>Afternoon Training</b>	Discipline-specific resource modeling training led by Maptek technical experts. Focused, practical, and designed to deepen your day-to-day workflows.
4:00 – 4:45 PM	<b>Training Presentations</b>	Attendees share what they worked on during the training sessions in a group presentation format.
4:45 – 5:00 PM	<b>Wrap-Up</b>	Closing remarks, key takeaways, and next steps from the Maptek team.
